

SCHOOLCRAFT COLLEGE
18600 Haggerty Road, Livonia, Michigan 48152-2696

GOVERNING THE COLLEGE

The President has authority to organize the College's administration and program of instruction, subject to state law and the limitations in the Board of Trustees' policies.

The President and his/her staff will implement policies adopted by the Board of Trustees and will develop and establish appropriate procedures for implementation. Copies of new procedures will be distributed to Board Members at a meeting following their establishment.

The President or his/her designee may use his/her best judgment in instances when an emergency requires prompt action to avert a threat to the health, safety, or welfare of the student body, employees, the public, or College property. If such action is outside Board Policy, the President or his/her designee must make a reasonable effort to consult with the highest ranking Board officer available before acting. The President or his/her designee will report the action and its results to the Board at the next Special or Regular Meeting.
