COURSE WITHDRAWAL

A course dropped at any time up through the end of schedule adjustment will not be recorded on a student's transcript. After schedule adjustment, a student may officially withdraw from a course through the deadline date(s) established for that semester/session. All students who withdraw from courses under these procedures will receive a "W" grade. The "W" grade will not be used in computing the grade point average.

INCOMPLETE GRADE

The incomplete grade "I" may be awarded by the instructor to students who, because of extenuating circumstances, have been unable to complete the course work within the regular College semesters/sessions. The responsibility for completing a course rest with the

student. The “I” grade expiration date usually should not exceed 15 weeks from the end of the original semester.

NO SHOW GRADE

A final No Show “NS” grade shall be issued after the third week of class to students who register and meet the criteria below based on course modality:

- Traditional and Synchronous Remote - Student did not attend at all.
- Online - Student did not participate in an academically related assignment.
- Hybrid - Student did not participate in an academically related assignment or did not attend at all.

The “NS” grade will not be used in computing the grade point average.

“NS” grades are not submitted at the end of third week for Michigan Colleges Online (MCO) students.

Courses less than three weeks in length “NS” grades are managed at the end of the course meeting dates.

REPEATED COURSES

When a student wishes to repeat a course, the best-earned grade will be used to calculate the grade point average. The lesser grade(s) will remain on the student’s transcript and is identified as “R” (Repeated Course).

For students registering for the same course more than three times, the fourth registration will require approval from the Director of Academic Advising and Transfer. No further registrations will be allowed. A grade of “NS”, “W”, or “I” will not replace the previous grade repeated.

Students receiving financial aid funding may have additional limitations in accordance with federal regulations.
