SENIOR ADULT TUITION WAIVER

Pursuant to Board Policy 2250, effective Spring 1999, senior adults will be given a discount of 50 percent of the resident tuition rate for credit courses. This rate applies to resident and nonresident students.

In most cases, senior adults enrolled in Continuing Education and Professional Development courses with CEUs (Continuing Education Units) will be given a discount of 20 percent of the course fees. Senior adults enrolled in Continuing Education and Professional Development courses with no CEUs will be given a discount of 50 percent of the course fees. Because of the costs associated with certain courses, waivers may be less than that indicated above. Continuing Education and Professional Development students should refer to the Continuing Education and Professional Development Schedule for exact course fees.

Senior adults will be required to pay in full for all fees, books, and other materials required.

1. In order to receive senior adult status, persons over sixty (60) years of age must verify their age (using a birth certificate, driver's license, or other legal documents) with the Admissions & Enrollment Center, (main campus), Continuing Education and Professional Development office, or at the Radcliff Center (Garden City) at the time of registration or prior to the start of the course in order to receive the senior rate. No rate adjustments will be made after a course has started.
2. Senior adults wishing admission to regular credit programs and/or courses must meet the requirements of those programs.
3. From time to time, the College may offer other special programs specifically designed for senior adults at no cost.
