

Dear Parents,

The Continuing Education and Professional Development Department of Schoolcraft College, with generous financial support by the Bosch Community Fund, is pleased to announce a *new* Kids on Campus Scholarship opportunity for Summer 2021.

For your application to be complete, please include:

- KOC Application Form
- KOC Registration and Emergency Form

These forms can be found in the Kids On Campus schedule, or on our website www.schoolcraft.edu/koc.

Applications will be reviewed on a rolling weekly basis until the funds are exhausted. Please select your four top choices for STEAM (Science, Technology, Engineering, Art, Math) related camps. We will try to honor your first choice but may not be able to do so if a camp is full. The scholarship will cover the costs of one camp.

So that we can share the excitement that KOC brings to campers with our donors, recipients of a scholarship are required to share their experience in some way. Examples of ways a camper can share their experience include: taking a photo of a camp project and telling about their experience, a letter summarizing the camp they participated in and what they learned, an art piece, or a video from camp. Completed projects should be turned in the last day of camp to the KOC Headquarters in the Biomedical Technology building, room 167 or to Before and After Care in the Liberal Arts Building, room LA440.

Families of awarded students will be contacted by e-mail within two weeks of receipt of the application.

Thank you for your interest in the Kids on Campus program.

Sincerely,

The Staff of the Continuing Education and Professional Development Department

Important Notes:

- Some camps fill quickly and cannot be overloaded. If your child is awarded a scholarship for a camp that is full you will be contacted via e-mail. Please be prepared with a first, second and third camp option.
- If your child has his/her heart on a camp that may fill, the only way to secure that spot is to pay for the class and get a refund if your child is awarded a scholarship.

Bosch Scholars Scholarship Application Form

Bosch Scholars Scholarship funds have been provided by the Bosch Community fund. Application forms are reviewed by the CEPD staff responsible for children's programming. Award decisions are made on a case by case basis. Criteria considered are the family's financial need and the child's interest in attending a KOC STEAM related camp. Only one scholarship per student can be awarded. Information submitted on the application form is strictly confidential.

About the Bosch Community Fund

The Bosch Community Fund, the corporate foundation for Bosch in North America, has awarded more than \$24 million in grants to various 501(c)(3) organizations and educational institutions. Founded in 2011, the Fund focuses primarily on the enrichment of science, technology, engineering and math (STEM) education and the advancement of environmental sustainability initiatives.

Parents or Legal Guardian: Please complete the following information.

Student Information

Last	First	Middle		

Number	Street	City	State	Zip Code

Home Phone		Work Phone	Alternate Phone
